Backfire BBQ sources many items and ingredients from local producers and purveyors, as a way of connecting with the community and finding the best products for our guests to enjoy. The menu consists of wings, snackatizers (an appetizers section), soups, salads, sandwiches, burgers, barbecue, fish,

chops, sides and desserts. About Orange County Choppers

Paul Teutul, Sr., metalworker by trade and founder of Orange County Choppers, Inc., first began his business of building custom choppers out of the basement of his home in Montgomery, NY. With the creative help and following of his oldest son, Paul Jr., the two were soon on their way to the top with the success of Paul Sr.'s first bike, "True Blue" at Daytona Biketoberfest in 1999. From that point on, Paul Sr. knew he had something and established Orange County Choppers, Inc. that same year. The Teutuls were quickly becoming recognized by chopper enthusiasts everywhere. They were not only making a name for themselves in the custom choppers world, but were picked up by the Discovery Channel in 2002 as the basis of what is now the hit television series, American Chopper. Their popularity has led them to build custom theme bikes for some of the biggest names in corporate America such as Microsoft, Lincoln and Coca-Cola. Today, Orange County Choppers is regarded as one of the world's premier builders of custom motorcycles. Visit www.orangecountychoppers.com for more information.
